

# TWINPOWER

A unique solution for beveling an edge, finishing inside narrow grooves, removing welds and using both sides of the disc to access hard to reach areas. TwinPower is suitable for a wide range of applications.

**Perfect for Beveling!**

MADE IN GERMANY

**Visi-Cool openings**

Double sided disc that allows you to grind and finish without having to move your large work piece or grind from an uncomfortable position.

Thin design allows access into hard to reach areas like channels or underside of surfaces.

**Type TP Visi-Cool**
