## WENDT FPM230 – the perfect solution for a wide range of applications

The WENDT FPM 230 is perfect for Surface Cleaning, Sanding, Finishing, and Mirror Polishing on tubes as well as flat and irregular surfaces. It can easily be configured for use with our Felt Polishing Discs or our extensive range of Flap Rolls.

WENDT's FPM 230 is an Angle Polisher that can accommodate up to 9" polishing discs. With the included accessories the machine can be changed to a Finishing Machine for use of our extensive range of 5/8-11 Flap Rolls.

### HIGH PERFORMANCE

Durable high power motor ensures long tool life, even on the most demanding applications.

### SPEED STABILITY CONTROL

Two-stage gear reduction delivers maximum torque and constant speed – even when operating under heavy loads.

### VARIABLE

Variable speed control and our accessories allow the WENDT FPM 230 to be used as an Angle Polisher, Finishing Tool and Pipe-Belt Sander / Polisher.

### ERGONOMIC

Ergonomic shape so you can work comfortably and without fatigue.

The versatility to configure the WENDT FPM 230 for use with Polishing Discs or Flap Rolls

## FPM 230 – Finishing and Polishing Tool
